

18<sup>th</sup> November 2022

Dear Parent / Carer,

**Re: Sainsburys trip**

This term Year Seven students have been exploring the topic of finance within their PSHE lessons. This topic is part of their learning around the theme of 'living in the wider world'. Students have explored how to budget, what are credit and debt and understanding what interest means.

In order for students to put their learning into a real-life context a small group will be provided the opportunity to visit the local Sainsburys store to test their budgeting skills. The aim is to complement their classroom learning by placing it into a relatable situation.

The students will be escorted to Sainsburys by staff who will provide them with a budget and a shopping list. The visit will take place during tutor time on Wednesday 30<sup>th</sup> November.

This letter is to inform you that your child has been selected for this visit.

We hope that this trip will build confidence in students' ability to handle money in real life environments.

Yours faithfully,

*R Nehme*
