

1st February 2023

Dear Parent / Carer,

Re: Altwood School Careers Day

I am writing to inform you of an exciting opportunity that will involve all our students. On Monday 6th February 2023, we are holding a whole school careers event to support students in understanding their next steps and exploring their potential future professions. The day has been planned to provide a bespoke experience for each year group.

The day promises to be an interesting and informative day for our students with over 30 outside speakers visiting the school from a wide range of careers. Students will be provided with the opportunity to listen to presentations explaining the various routes different professionals have taken. There will also be practical activities for the students to engage with alongside competitions which will contribute towards the House Cup.

The event is planned to coincide with apprenticeship week and amongst the many professionals visiting there will be a wide range of expertise on the variety of apprenticeship routes which are now available to young people.

The schedule of the day will mirror the timings of a normal school day but there will not be any timetabled lessons taking place. This event will bring students and teaching staff together with one focus.

I hope students will share with parents and carers the many positive experiences they have had throughout the day.

Yours faithfully,

R Nehme
